do a great job do it
better”

Infection Prevention and Control

**New Qualifications in social care and Common
Induction Standards (CIS)**

Sue Johnson

Project Manager, Skills for Care

New Qualifications in Social Care

Today's presentation will include:

- New Qualifications in social care
- Units relating to infection control
- Common Induction Standards refresh

New Qualifications - Qualifications & Credit Framework - (QCF)

- A government initiative across England, Wales and Northern Ireland
- It includes **all** vocational qualifications in all sectors
- A replacement to the National Qualifications Framework (NQF)
i.e. NVQs

New Qualifications in Partnership

- This presentation refers to Adult Social Care in England
- To meet the knowledge and skills requirements of employers
- We are also working with other Sector Skills Councils and Awarding Organisations

a simple architecture

work-streams

- To support the HSC Diplomas several other work-streams have been identified
- Units from these work-streams may be used as optional units within the HSC Diplomas
- Units may also be used within smaller specialist qualifications as the QCF develops
- Units will allow learners to develop learning in bite sized chunks

QCF development programme

Social Care

- Current Health and Social Care NVQs to be replaced by Health and Social Care (HSC) Diplomas at Level 2 & 3
- Current leadership and management in care services and the HSC NVQ level 4 will become a hybrid qualification at level 5

Evolving Framework

Several changes have occurred during the development process

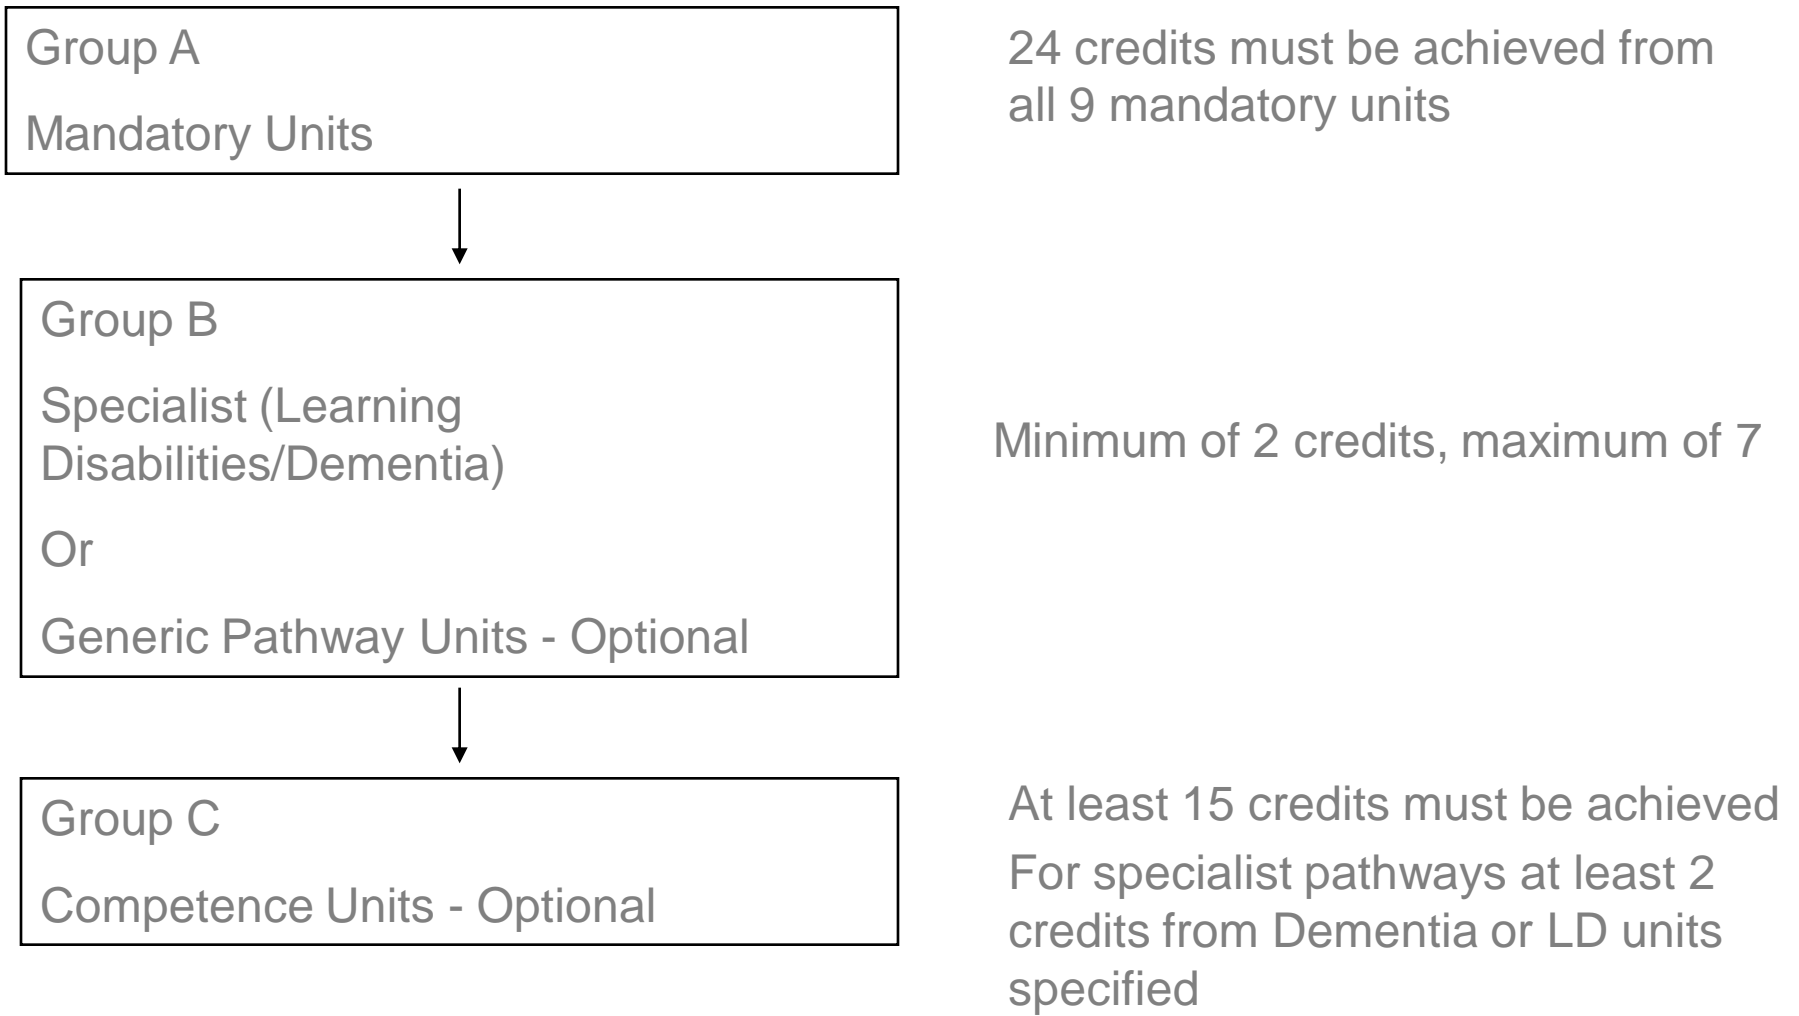

- Skills Funding Agency have extended funding for NVQs until end of 2010
- HSC diploma level 2 & 3 will go live in Jan 2011

What we have done ! Evolving QCF

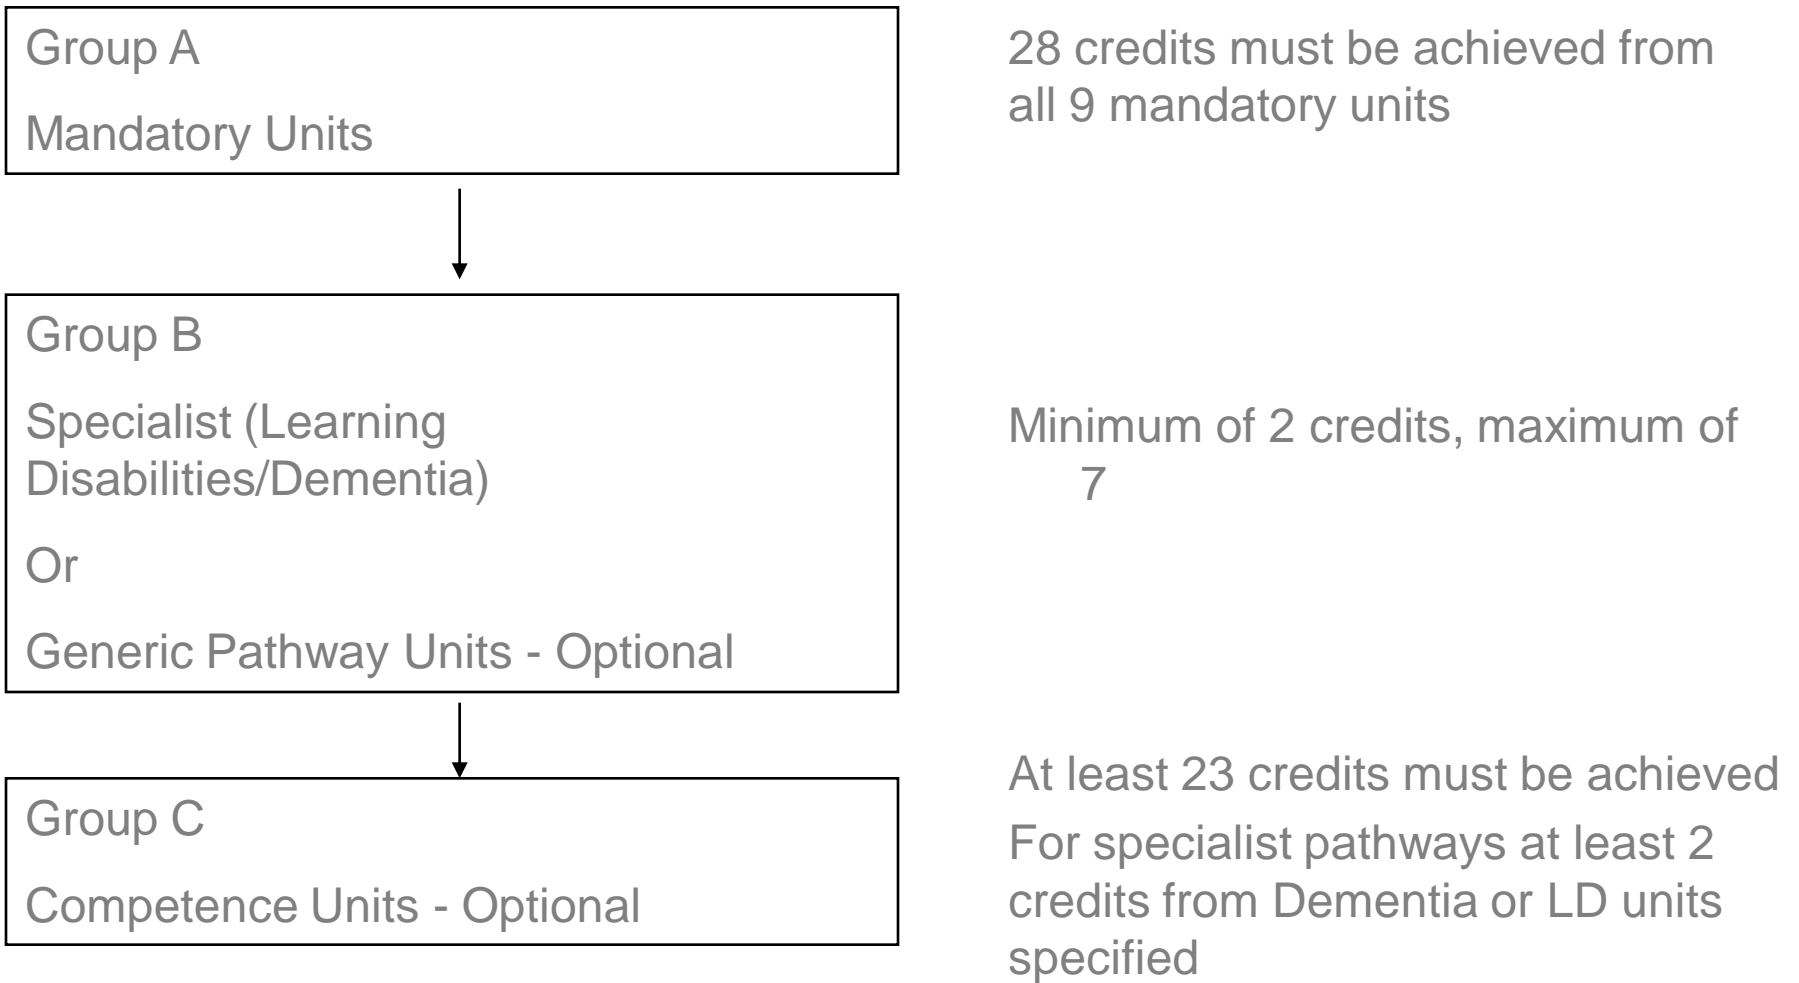

Several changes have occurred during the development process:

- Skills Funding Agency have extended funding until end of 2010
- HSC diploma level 2 & 3 will go live in Jan 2011
